Athletic Parent Code of Conduct

As the season approaches, please be aware of their responsibilities as a youth parent.

Your most important responsibility is to make sure that your child enjoys practices and games. You can help your child get the most out of his/her sport experience by being supportive and encouraging at all times. Avoid offering detailed instruction before, during or after the game or evaluating the coaches' or your child's performance on the way home from the game. It is important to remember the different and complementary roles involved in sports. Simply stated; let coaches coach, players play, officials officiate and parents offer support.

Your second most important responsibility as a parent is to create a positive atmosphere in the stands or sidelines in which both team can bring out the best in each other during competition. While we can't control the behavior of the opponents, their coaches and their fans, we can hold ourselves and each other to high standards. St. Cornelius School expects that you will set a good example by refraining from directing negative or sarcastic comments to opponents, referees, coaches, or our players, especially your own child. You are also expected to model good sportsmanship by congratulating good play, offering hospitality to opposing fans, and discouraging negativity. Remember that fan behavior teaches children important moral lessons.

In order to better foster a positive environment for opponents, referees, coaches, and our players, any negative behavior will affect your child's playing time or removal from the game and or team.

Please sign below stating that you have read and understand the Parent Code of Conduct and will abide by Los Angeles Archdiocese and CYO rules and regulations.

Permission to Walk To and From School

We recommend that all students be dropped-off and picked-up by a parent or guardian. We do, however, understand that some parents wish to allow their students to walk or bike to or from school. Because we are concerned with the safety of the children, please complete this form which will allow your child to walk or bike without adult supervision.

I, _____, give my permission for my child to walk or bike to or from school without adult supervision. I understand that in granting this permission, school staff is authorized to release my child from school property. I also understand that my child must leave school property at dismissal time and will not be allowed to linger on school grounds.

Students,

Walking to and from school is a big responsibility. You must follow the rules of both the school and the rules as a pedestrian. There are no crossing guards to assist you, so take special caution to look both ways several times before crossing. Any irresponsible behavior exhibited while walking can result in the loss of walking privileges and/or disciplinary action from the school. Please be responsible and careful.

I have read the above paragraph and agree to be responsible and careful.
